QuerySurge 2017
Version 5.0 Release Notes

What's New

1. QuerySurge Data Staging feature
   o Stage external data in QuerySurge in order to use it during test execution
     ▪ Create a "Staging Query" in QuerySurge to return staged data
     ▪ Use the staged data table from the Staging Query as a Source or Target in QueryPairs
     ▪ Feature documentation found here.
